

REMAX Agents Help Habitat for Humanity Build a House

Fourteen agents from the three RE/MAX Gateway locations - Ocean Township, Asbury Park and Ocean Grove - took a break from selling homes, to help Coastal Habitat's construction volunteers build one at 626 Prospect Avenue in Asbury Park for Syeda Carson and her children.

Heather E. Schulze, executive director for Coastal Habitat for Humanity located at 1105 Memorial Drive in Asbury Park, states, "Coastal Habitat for Humanity is both excited and grateful for our new collaboration with RE/MAX Gateway. This group was the first partner to sign on to our new Welcome Home initiative that aims to get real estate professionals involved in our mission, and their support hasn't wavered since. The team build at 626 Prospect in Asbury Park and the upcoming ReMax in the ReStore event on July 17, 2019, are just some of the innovative ways these caring group of individuals are helping Coastal Habitat help more families in need."

Gloria Siciliano, Broker/Owner of RE/MAX Gateway adds, "At RE/MAX

Gateway, we pride ourselves in going the extra step for all our clients; so, when we have the opportunity to help people in need in our very own community, we are always there to help."

RE/MAX Gateway agents who

participated in the build were: Thea Bowers, Michele Derose, Debbie Eddi, Alfredo Fresnedo, Kathleen Galano, Rick Gunsalus, Anna Jackow, Deana Kreher, Janet Manni, Laura Massaro, Teri Moran, Tami Segarra, Alexis

Siciliano, and Wendy Smith. Ms. Carson and her three-year-old daughter stopped by and greeted the team with great appreciation. 626 Prospect is slated to be completed by the Autumn.

Coastal Habitat for Humanity

has been serving southern coastal Monmouth County for 25 years with a mission of creating a world where everyone has safe, affordable housing. This goal is accomplished by constructing single family homes, renovating and restoring existing housing, neighborhood beautification projects and community building.

With a very small staff, Coastal Habitat for Humanity runs on volunteer power. Regular dedicated volunteers devote one to five days a week to Coastal Habitat's operations and are joined by team build groups of volunteers throughout the year. Volunteers coordinate and staff the construction projects, operate the ReStore where gently used furniture, housewares and construction materials are donated and resold to the public and assist with the delivery of programs and fundraising.

The RE/MAX Gateway team will be volunteering in the ReStore located at 1105 Memorial Drive, Asbury Park on July 17 from 9 a.m. to 4 p.m. to show they can sell more than real estate.
